ORDER:

In the reference 1st read above, the Chief Engineer, Hydrology has submitted proposals for issue of No Objection Certificate in respect of M/s. Tungapadu Power Private Limited for establishing Mini Hydel Scheme of Capacity $(2 \times 1.75) = 3.5$ MW on Suvarnamukhi River at Seethanagaram Anicut near Venkatabhairipuram Village, Makkuva(M), Vizianagaram District, along with the recommendations of the Standing Committee meeting held on 10.01.2014, duly mentioning certain conditions therein, in addition to the General and Technical Conditions issued vide reference 2nd read above.

2. Government after careful examination of the proposal of Chief Engineer, Hydrology hereby issue “No Objection Certificate” to M/s. Tungapadu Power Private Limited for establishing Mini Hydel Scheme of Capacity $(2 \times 1.75) = 3.5$ MW on Suvarnamukhi River at Seethanagaram Anicut near Venkatabhairipuram Village, Makkuva(M), Vizianagaram District, subject to the following conditions in addition to the General and Technical Conditions already issued vide Para-5 in G.O.Ms.No.165, I&CAD(PW:Reforms) Department, dated:11.07.2007:-

- i) Design aspects have to look into formation of bunds if necessary on upstream and downstream to avoid damages to adjacent villages taking into consideration of MWL fixed with respect to Design floods.
- ii) FRL & TWL of the schemes may affect the adjacent drains. As such the required design parameters of the Mini Hydel Scheme should take into consideration of above aspects to see that the existing drains are not affected.
- iii) It is not the responsibility of the Government/I&CAD/NEDCAP/ etc., for the economic viability and projected generation on power as shown in the DPR, which was submitted by the Developer in issuing of NOC of the proposed scheme.
- iv) I&CAD will not hold any responsibility for profit/ loss of the project and assured sale of energy. In the above aspects, the developer has to own up responsibility for any purpose whatsoever.
- v) All the prevailing standards of Electricity Act and Rules & Regulations of the Government of A.P./Government of India issued from time to time shall be followed in various stages like finalization/selection of the equipment, etc.

P.T.O.,

- vi) Water availability is not the responsibility of Irrigation & CAD Department.
 - vii) All statutory clearances for the project, are to be obtained by the developer from the Government and on appropriate authorization in respect of (i) Forest clearance (ii) Environment clearance (iii) and any other clearances necessary for the project are to be obtained from the competent authority duly following the procedures in vogue and shall be submitted to the concerned Superintending Engineer, I&CAD Department before grounding the scheme.
 - viii) Developers shall be encouraged to bring latest technology and maximise output subject to the Hydrological factors and environmental flow factors.
 - ix) The Chief Engineer, Central Designs Organization shall ensure that the approval for designs is given in (15) days time failing which the developer will be permitted to go ahead for execution as deemed approval.
 - x) The royalty charges on water as applicable would be realized by the I&CAD on monthly basis.
 - xi) No claims or damages shall lie with the Government for the cancellation/suspension of N.O.C. for the reasons of River conservancy/flood management etc.
 - xii) The Developer has to commence the work within (6) months from the date of issue of N.O.C. and complete the Scheme within two years of N.O.C. failing which N.O.C. will be cancelled automatically.
3. The Engineer-in-Chief(Irrigation), Hyderabad shall take necessary action accordingly.

(BY ORDER AND IN THE NAME OF THE GOVERNOR OF ANDHRA PRADESH)
